**Welcome (You to Me, Me to You)**

What was the best part about Thanksgiving?

**Worship (Us to God)**

Read Philippians 4:19... God has given us everything we needed for this past week and will give us everything we need for this next week. Pray and thank God for His provision for you. Pray that His provision will be enough for you.

**Word (God to Us)**

1. What does it mean to be content? What makes someone content or discontent? Why is contentment fleeting at times?
2. Read 1 Timothy 6:6-8... What does Paul say we should be content with? Are you content with what you have? What value does being content with just the basics bring to your life?
3. Read 1 Timothy 6:9-10... What's the difference between "loving" money and being content with what you have?
4. How can you be content with your physical possessions?

5. Read 2 Corinthians 12:1-10... What challenges to contentment did Paul face? How was Paul able to be content in the circumstances he lists? How can you be content when you are in circumstances like Paul lists?
6. What is holding you back from being content in all areas of your life? What do you need to do to give those areas to God?
7. What can we do as a group help each other be content with where we are at and what we have?

**Response (Us to the World)**

The world is always looking for that next thing that will fulfill them and make them content. We have that in Jesus. How can we share this good news with those around us?
